Spec Sheet

Rapid Cool Misting Fans

The 1700 series fans were specifically designed for industrial and commercial mist cooling where quality, performance and durability are required. Yet these fans are quiet enough for residential use. Our special fan blade design maximizes airflow and velocity while reducing noise.

- All metal construction
- All fans are oscillating
- Totally enclosed 3 speed motors
- 3 wire grounded cords and plugs
- Dynamically balanced blades
- OSHA approved blade guards
- All stainless steel mist rings
- Mist nozzles included
